5th Annual International Lending Center Drive

The Center serves international students by lending out donated household items for students and their families to use during their stay at MSU. This service helps make the transition to the United States both more comfortable and more affordable for these students. Because the items donated to this center are reused over and over again by different students and their families, contributions truly have a lasting effect on the Michigan State University community.

Please consider making a donation. Items needed include new or gently used household items like bedding, dishes and bowls, cutlery and cookware, bathroom necessities, rugs, lamps, etc. (They cannot accept furniture, toiletry or cleaning products). Financial contributions or gift cards are welcome and donated directly to the Lending Center.

Items will be accepted until Friday, August 16, 2013. Donations can be dropped off in the South Lobby of the Communications Arts Building or in 189 Communication Arts and Sciences.
