Human Resource Association meets March 25

The mission of Human Resource Association is to build positive relationships among HR/Human Capital students, professionals, and the community. They strive to achieve this by having social events for the members to interact with each other and company presentations where the members have one-on-one contact with professionals in the HR field. This networking will eventually help students to land HR internships and full-time job opportunities.

The last general meeting of the semester will be held on Monday, March 25 in N105 of the Business College Complex at 6:15pm. A Human Resources professional from Cummins will be presenting and free food will be provided. Contact president Hilary Schroeder, at hra@msu.edu with any questions.
